* SECOM-D-254

8 October 1985

MEMORANDUM FOR: SECOM Members

FROM:

[Redacted]

Chairman

SUBJECT: Facility Protection Subcommittee Chairman

1. Mr. Gerald L. Berkin, Chairman of the Facility Protection Subcommittee (FPS), is leaving the Executive Branch to become Director of Security for the General Accounting Office as of 11 November 1985. His vigorous services will be missed. It is important for the Intelligence Community that he be replaced promptly to ensure continuity of direction and effort in this security discipline, especially the completion of the revision of physical security standards for SCIFs and the vitally important physical security seminar for contractors in December 1985.

2. Members are requested to nominate candidates with good physical security experience, knowledge of the Intelligence Community, and management and coordination skills for consideration as chairman of the FPS. Nominations should be made as early as possible but no later than at the 23 October 1985 SECOM meeting.
